SHOT THROUGH THE THIGH

Mexican Deliberately Tries to Murder a

Billy Hamilton came down from Clifton last Wednesday and gave a GUARDIAN representative the details of an attempted murder in Clifton the night before.

A Mexican, name unknown, is boarder at a restaurant run by Aside from the grand jury work Trinadad Marcaus and about 36 days ago he got drunk and mashed be in a position to hold property cept to set the dates for hearing up her furniture for which he was fined \$25 by Justice Boyle. On three or four different occasions subsequent he has tried to get into her house, late at night, but has never been successful. On Tuesday night last, about supper time, he told Trinadad that if she did not et al, foreclosure of mortgage, set let him in that night, he would kill her, at the same time showing her

> his six-shooter. About one o'clock that night he appeared at her window, near which she was sleeping, thrust his six-shooter through and fired, the ball passing through her thigh. The shot set the window curtain afire, but the woman had presence of mind enough to extinguish the the Jacobson hall building. Also fire, then ran into the street and Sunday school from 10 to 11 o'clock gave the alarm, and a little later a. m. Everyone cordially invited. Constable Hamilton had the Mexican under lock and key, where he still remains. He has not yet had hearing as both the justices were TAYLOR'S CYCLONE at Solomonville.

Some Arizona Facts.

He who selected "Ditat Deus" as the motto of the Territory of Arizona selected better than he knewto paraphraze a well-known expresion. Arizona is a land that has indeed, been "enriched by God," rich in all things for the enrich ment of mankind.

Here are some of Arizona's miner al products: Gold, silver, copper lead, onyx (black and white), marble, anthracite, coal, building stone ndictments, one against Leon Vallithographic stone, limestone ce ment, silicified wood, potter's and brick clay, chalchuitl (turquoise) wolframite, fire clay, graphite scouring stone and feldspar rock. This later is valuable for handsome ouilding purposes; it can be sawed and is practically fire-proof. Petroleum has also been lately discover-

> Arizona is big enough to pro ride space within its borders for Connecticut, Delaware, District of Columbia, Massachusetts, New Hampshire, New Jersey, Rhode culors, from 75 ets to \$3.00 each. Island, Vermont and Maryland. Even after having previded for all those States, it would still have 12 1-2 cts to 75 cts. room enough to find space for the great Empire State-New York. Nor even then would it be, as the \$1.75 each. French say, "an complete," for it would still have a remnant left over big enough to manufacture Delaware and Massachussetts all over again .- L. A. Mining Review.
